

Strict Verification Rule

Every claim generated by the LLM was cross-checked against raw evidence hashes and timestamps. Unsupported assertions or speculative wording were purged[cite: 1].

Audit Log Table

LLM Output Segment	Verification Verdict	Linked Evidence ID	Remediation Action
"On July 27, 2026, user received an email from an external recruiter offering incentives."	VERIFIED	[EVD-EML-001]	Accepted into report narrative[cite: 1, 2].
"On July 28 at 14:02 UTC, an unauthorized Kingston USB storage drive was connected."	VERIFIED	[EVD-DISK-001]	Accepted into report narrative[cite: 1, 2].
"The insider executed 7-Zip via command prompt to package files with a password."	VERIFIED	[EVD-MEM-001]	Accepted with explicit PID 5120 citation[cite: 1, 2].
"A total of 14.2 MB was transferred to remote address 198.51.100.45 via HTTPS."	VERIFIED	[EVD-NET-001]	Accepted into report narrative[cite: 1, 2].
"The user intentionally wiped files to destroy	REJECTED (HALLUCINATED INTENT)	[EVD-FILE-001]	Replaced with factual statement: "MFT records indicate deletion of the source
